

Testimonials from SLM Summer Staff

“Coming out of my first summer of serving at SLM, I can definitely see the footprints it has let in my life. There are the obvious ones, like the new friendships I’ve formed and the less obvious ones like the qualities I’ve learned about myself. I have also learned many useful tools that will help me in a career as a teacher, while working at camp. God is working through me each and every day.”

-First Year Summer Ministry Team Member

“Camp was a welcome challenge to not only grow in my faith and share it with others, but it also helped me break out of my comfort zone. Never in a million years did I expect to do some of the things that I did, but in the end, it’s not about me. It’s about spreading the love of Jesus to anyone and everyone and to be the best example of Christ I can be.”
